

L&NWR Society Archive Drawing List

This is a list of the drawings held in the Society Archive. It should not be confused with the drawings lists available from the Drawing Officer, which contain many more drawings for which the Society does not hold the originals.

Copies of most of these drawings can be purchased from the Society Drawing Officer (see website for contact details).

The PDF file is organised with bookmarks for each subject area. Select the bookmark tab on the left-hand side and the list of subjects will appear. Scroll down the list to the required subject and click on it. The view will jump to the start of that subject.

Where there is a + sign to the left of the subject bookmark, sub-groups can be displayed. Click on the + sign to display them. Click on the - sign to hide the sub-groups again.

The search tool (Binocular icon) in the Adobe Acrobat Reader can also be used to find particular words in the document descriptions.
